Scoring/Cutting & Creating Bag Instructions:

1. **Score** two 12" x 12" pieces scored at 2" on one side and 3" on the other three sides (see diagram A)

Diagram B

2. **Fold and burnish** on 2" score line on both pieces – you want to be sure you do both pieces the same way
3. **Fold and burnish** on all the other score lines as well
4. **Cut one of the 12" x 12" pieces** at the bottom 3" score line from both sides "in" to the vertical score line (see diagram B)

Diagram C

5. **Cut the other 12" x 12" piece** so a square is cut from the bottom two sides (see diagram C)
6. **Adhere** the scrap cardstock to the 3" x 6" piece left after cutting (see diagram D)

7. **Adhere** the bag sides together, beginning with the bottom pieces and then the sides.
8. **Punch holes for the handles**, if desired and thread the ribbon through, knotting it carefully to keep from slipping through the holes

Tips for Success:

✔ **Use a Bone Folder for Crisp Folds** Two-Tone Cardstock is sturdy, so scoring well and then reinforcing each fold with a bone folder makes your bag clean and professional-looking.

✔ **Keep the Color Direction in Mind** Two-Tone Cardstock has subtle variations so decide ahead of time which side you want facing outward. The light vs dark tone can create fun visual effects depending on your folds!

✔ **Tag It for a Personal Touch** Use a scrap of the same Two-Tone Cardstock to punch or die cut a coordinating tag. Add a sentiment or monogram for an easy finishing detail that ties it all together.
